

## Oxford Learning is the fastest-growing supplement education ..

### Description:

Canada's Number One Supplemental Educational System Set For Franchise Expansion In The U.S. Oxford Learning Centers began in Ontario, Canada in the mid-1980s when a team of education experts came together to create a unique learning program based on research into how children learn. The findings of their research, combined with a strong determination to restructure teaching methods, was the beginning of what is now Canada's number one supplemental education system.

The Leading Edge In Education Unique, proven teaching methods, unsurpassed training and support, proprietary programs and dedicated individuals make Oxford Learning the leaders in supplemental education. At Oxford Learning Centers, we believe that education is the key to the future. We know how important it is for children to live up to their potential! The world is changing rapidly and our children must be able to meet the challenges that the future will bring. Now, with changing technologies, our children must have the problem-solving skills for many different opportunities. When students attend an Oxford Learning Center, they not only learn skills, they learn how to learn!
